

Funding Opportunities for April, 2011

Initiatives to Educate State Officials and Policy Makers about Priority Public Health Issues Related to the Prevention and Control of Sexually Transmitted Diseases (STDs) and Human Immunodeficiency Virus (HIV) and Acquired Immunodeficiency Syndrome (AIDS)

Purpose

The purpose of the program is to fund education on accurate, comprehensive, and timely public health information for state Governors, legislatures, policy makers, and those involved in state efforts to protect the public's health. This program can be accomplished through targeted meetings, workshops, conferences, educational materials, and other communication channels, with a focus on educating these sectors about public health policy matters.

A National Coalition to Enhance STD/HIV Prevention through Promotion of a Holistic Approach to Health and Wellness

The program supports efforts to improve the health of populations disproportionately affected by HIV/AIDS, viral hepatitis, STDs and TB by maximizing the health impact of public health services, reducing disease prevalence and promoting health equity consistent with the National HIV/AIDS Strategy.

The overall vision for this effort is to enhance existing national STD/HIV prevention efforts by promoting more holistic, comprehensive, and evidence-informed health and wellness approaches.

Application Deadline Date: May 31, 2011, 5:00pm Eastern Time

Letter of Intent Deadline Date: April 28, 2011, 5:00pm Eastern Time

Surveillance of Birth Defects in Low and Middle Income Countries

The purpose of the program is to support: (1) the development, implementation, expansion, and evaluation of population-based birth defects surveillance systems in low- or middle-income countries; and (2) efforts to develop and implement population-based programs to prevent birth defects. This program addresses the "Healthy People 2020" focus area(s) of Maternal, Infant and Child Health.

Operations Research (Implementation Science) for Strengthening Program Implementation through the President's Emergency Plan for AIDS Relief (PEPFAR)

This FOA will directly support host-country investigators working at public and nonprofit private institutions and agencies in PEPFAR-supported countries ("PEPFAR Local Partners") for the conduct of operations research (implementation science) essential for strengthening activities in the areas of prevention, care, and treatment of HIV/AIDS. The overall purpose of these research activities is to yield knowledge that will help to optimize the delivery of services and maximize the population-level impact of HIV/AIDS prevention, care, and treatment services provided in PEPFAR-supported countries.
